

Incredible Rube Goldberg Machine

Building innovative connections

We invite your team to join thousands of teams from around the world by building own [Rube Goldberg Machine](#).

Teams to construct elaborate Rube Goldberg style chain-reaction machines on tables using unexpected materials and solutions. Each apparatus is linked by a string to its predecessor and successor machine forming one giant machine. Sounds challenging and exciting! To get inspired, check out youtube videos of amazing machines created by teams from around the world.

Learning Outcome: Cross Functional Co-operation | Networking | Managing Change | Energising a Conference | Fun/Motivation | Uniting New/Merged teams | Performance Excellence | Understanding Each Other/ Team Dynamics |
